ROMA

Dear Mr. Desor,

We read the stuff -
- I'm interested but a
bit at sea - D.

Wish you would talk
to Jason Epstein at
Random House (Ploga 1-
2600) - it would work out
with him the best

of approach you
think the material
requires - Also,
convince him of the
integrations that connect

Then let's meet -

Perhaps in April -

but we

now
